

**2020 Spring One-Day Thematic Symposium of the
SCT (the French Society for Medicinal Chemistry)
March 10, 2020**

**Maison des Associations de Solidarité
10 Rue des Terres au Curé, 75013 Paris (France)**

Chemical Biology and Molecular Therapeutic Innovation

Drug Discovery in the RNA world

<http://www.sct-asso.fr>

9h30 – Reception of participants and registration

10h00 – Introduction

Session 1: RNA targeting approaches *Session Chair: Boris VAUZEILLES*

10h05 – Pr Frédéric ALLAIN (ETH, Switzerland)

45-min lecture

10h50 – Dr Maria DUCA (Université Côte d'Azur, France)

35-min lecture

11h25 – Dr Gerhard MULLER (Gotham Therapeutics, Germany)

45-min lecture

12h10 – Lunch

Session 2: RNA-based therapies *Session Chair: Paola ARIMONDO*

13H30– Pr Mélanie ETHEVE-QUELQUEJEU (Université de Paris, France)

35-min lecture

14H05– Pr Jonathan HALL (ETH, Switzerland)

45-min lecture

14H50– Dr Hélène TRAN (Laboratoires Servier, France)

35-min lecture

15H25 - Coffee-Break

Session 3: Studying RNA structure and function *Session Chair: Laurent MICOUIN*

15H55– Dr Eric ENNIFAR (University of Strasbourg, France)

35-min lecture

16H30– Dr Yann FORICHER (Sanofi, France)

35min lecture

17h05 – 17h20 Closing remarks: Pr Sébastien PAPOT (University of Poitiers, SCT President)
