

Biosketch Pr Christian Cavé

Professor Christian Cavé received his Pharm D in 1980 and this PhD. in 1986 from Paris Sud University. From 1986-1990, he was project leader in Medicinal Chemistry (Meram Laboratories, France). Then he worked, as assistant professor (1990-1997) at the Faculty of Pharmacy of University Paris in the Group of Organic Chemistry (Professor Jean D'Angelo) and as full professor of Organic Chemistry at University of Burgandy (1997-2002). Then he moved to Faculty of Pharmacy of University Paris Sud in 2002 and he is a full Professor from 2002. He was the Head of the research team "Organic chemistry and pharmacochimistry" in the UMR CNRS BioCIS (2002/2008) and then joined the group of Antiparasite Chemotherapy, UMR-CNRS BioCIS 8076, at the Faculty of de Pharmacy, University Paris-Saclay.

His research interests comprise Asymmetric Michael Reaction; Medicinal Chemistry in the field of alzheimer' disease, HIV, cancer, leishmaniasis, and malaria; Drug design, he develops synthetic tools that we then use in medicinal chemistry. Currently he is working on click chemistry. He is the author or co-author of over 90 scientific papers. He is responsible for the Master degree in Pharmaceutical sciences-University Paris-Saclay. He is member of executive committee of school " Biology, Medecine and pharmacy", University Paris Saclay He is Member of editorial boards of various chemical and pharmaceutical reviews; He is member of Executive Committee of European Association of Faculties of Pharmacy (EAFP) member of Executive Committee of Société de Chimie Thérapeutique, member of ACS. He has received many honors: Graduate of the Faculty of Pharmacy Paris-Sud; Auguste Béhal Prize, Roussel Prize for Researches in the field of Medicinal Chemistry, Chevalier dans l'ordre des palmes académiques, Member of the National Academy of Pharmacy, Member of UiTM Kuala Lumpur, Malaisie, Visiting Professor at Guiyang College of Traditional Chinese Medicine, guest professor of Guizhou Institut of Technology. <https://orcid.org/0000-0003-0050-6477>
