

# Joint European Lead Factory-SCT webinar

2021 | June 28th 2021, 14:00

The European Lead Factory (ELF) and Société de Chimie Thérapeutique (SCT) are pleased to host a webinar for the French scientific community in which the opportunities and benefits of collaborating with the ELF will be explained.

**European  
Lead Factory**

The ELF is a collaborative drug discovery platform, funded by the Innovative Medicines Initiative. At the ELF, ultra-High Throughput Screening (uHTS) and High Content Screening (HCS) are performed. Screening takes place against a unique high-quality compound collection with no upfront costs, and under a legal framework that protects everyone's interests.

## Objective of the webinar

Whilst specifically aimed at the French scientific community, this webinar will be of interest to any researcher from any European academic institution or small and medium-sized enterprise with either a potential drug target and associated screening assay, or an unknown target but well-developed phenotypic screening assay. The aim is to show how the ELF can boost your drug discovery activities in a win-win collaboration.

The meeting will be partly in English and partly in French (see the agenda for details) and will take place via Microsoft Teams. Discussions with the audience will form a key part of the webinar and time will be made available for questions and answers.

**Date:** Monday 28 June 2021

**Time:** 14:00-15:30 (CEST)

---

**14.00-15.30    Webinar**

Time	Topic	Presenter/moderator
14:00-14:05	Opening of the webinar ( <i>French &amp; English</i> )	<i>Prof. Rebecca Deprez, President of the SCT (France), Vera Nies (Lygature, Netherlands)</i>
14.05-14.25	Introduction to the European Lead Factory (ELF) ( <i>English</i> )	<i>Jon de Vlieger (Lygature, Netherlands)</i>
14:25-14:50	Collaborating with the ELF: first-hand experiences from a researcher ( <i>French</i> )	<i>Dr. Raymond Pierce, Emeritus Director of Research at the CNRS (France)</i>
14:50-15:10	The ELF Compound Collection ( <i>French</i> )	<i>Dr. Hugues Lemoine, Head of Chemical Technologies and Libraries at Edelris (France)</i>
15:10-15:25	Q&A with experts ( <i>French &amp; English</i> )	<i>Vera Nies (Lygature, Netherlands), various ELF experts</i>
15:25-15:30	Closing remarks ( <i>English</i> )	<i>Vera Nies (Lygature, Netherlands)</i>
